INSTRUCTIONS FOR USE:

To determine your foot size, please zoom to 100% and print this page to actual size. Placing this page on top, align each printed page with the indicated FIT mark. Tape these pages together and follow the instructions below:

Place your heel on the chart where indicated and measure to the end of the longest toe. If the toe is between numbers, that indicates a half size.

If your foot touches well into the gray area of the chart, you may want to order a wide width.
